Los Angeles, CA 90012

Dear Supervisors:

**STREET LIGHTING DISTRICTS
ANNEXATIONS AND LEVYING OF ASSESSMENTS FOR
COUNTY LIGHTING MAINTENANCE DISTRICT 1697 AND COUNTY LIGHTING
DISTRICT LLA-1, CARSON ZONE, AND EXCHANGE OF PROPERTY TAX REVENUES
FOR APPROVED TENTATIVE SUBDIVISION TERRITORIES
SUPERVISORIAL DISTRICT 2
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the enclosed Resolution of Intention to Annex Approved Tentative Subdivision Territories to County Lighting Maintenance District 1697 and County Lighting District LLA-1, Carson Zone, and to Order the Levying of Assessments within the Annexed Subdivision Territories listed in the enclosed Appendix A for Fiscal Year 2003-04.
2. Set a date for a public hearing regarding the proposed annexation of Approved Tentative Subdivision Territories and levying of annual assessments based on the Fiscal Year 2002-03 Annual Engineer's Report, which establishes assessments based on land-use type for all zones within County Lighting District LLA-1 for street lighting purposes, with a base annual assessment rate of \$1 for a single-family home for the Carson Zone.

3. Instruct the Executive Officer of your Board to cause notice of the public hearing by mail, at least 45 days prior to the date of hearing scheduled for _____, 20____. The mailed notice will include assessment ballots.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the tabulation of assessment ballots submitted, and not withdrawn, in support of or in opposition to the proposed assessments for each approved tentative subdivision territory and determine whether a majority protest against the proposed assessment exists in each territory.
2. If there is no majority protest against the proposed assessments, adopt the enclosed Resolution Ordering Annexation of Approved Tentative Subdivision Territories to County Lighting Maintenance District 1697 and County Lighting District LLA-1, Carson Zone, either as proposed or as modified by your Board, and the enclosed Joint Resolution Approving and Accepting the Exchange of Property Tax Revenues resulting from the annexation of territories to County Lighting Maintenance District 1697, except the annexations and the exchange of property tax revenues shall not be effective until the final subdivision maps are filed with the Registrar-Recorder/County Clerk, and the maps conform with Section 58850 of the Government Code. The adoption of the Resolution Ordering Annexation shall constitute the levying of assessments for Fiscal Year 2003-04, following the filing of subdivision maps with the Registrar Recorder/County Clerk, and conformance of the maps with Section 58850 of the Government Code.
3. Find that the annexations and assessments are to meet operating expenses; purchase supplies, equipment, or materials; meet financial reserve needs and requirements; and obtain funds for capital projects, including the operation and maintenance of street lights necessary to maintain service within the proposed annexation areas.
4. Instruct the Executive Officer of your Board to file copies of the enclosed Resolutions with the County Assessor, Ownership Services Section, and Auditor-Controller, Tax Section.

5. In those subdivision territories where the proposed annexation and levying of assessments have been rejected, and a majority protest exists, make a finding terminating the annexation, levy of assessments, and property tax transfer proceedings for that subdivision territory.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

These recommended actions are for your Board to: 1) Annex the Approved Tentative Subdivision Territories listed in Appendix A into County Lighting Maintenance District 1697 and County Lighting District LLA-1, Carson Zone; 2) Levy assessments in Fiscal Year 2003-04 on each lot or parcel lying within the proposed annexation territories, based on land-use categories that designate usage units on the basis of benefits received; and 3) Approve the exchange of property tax revenues among those nonexempt agencies whose service area is subject to the jurisdictional change.

The City of Carson's Municipal Code requires the installation of a street lighting system by a subdivider. The proposed annexation, levying of assessments, and exchange of property tax revenues are required to provide the necessary funding for the future operation and maintenance costs of these street lights.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as this annexation, levy of assessment, and property tax transfer provides the funding necessary for the operation of new street lighting facilities within these Annexed Subdivision Territories. It also satisfies the Goal of Service Excellence since street lights provide for the convenience and safety of the motoring public, as well as for the safety and security of people, and to a lesser extent, property, all of which improve the quality of life in the County.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Fiscal Year 2002-03 budget to cover the annual cost for the operation and maintenance of the street lights until assessments and property tax can be collected. The assessments are subject to the results of ballot tabulation for these proposed annexation areas at the conclusion of the public hearing. Failure to annex the territory, levy assessments, and collect property tax revenues shall result in development not being allowed to record or being issued a building permit, or result in property owners/developers remaining responsible for the future operation and maintenance of the street lights.

Upon annexation, the ongoing operation and maintenance costs of the street lights within these areas will be financed by the collection of ad valorem property taxes, supplemented by assessments annually approved by your Board. The annexation will result in a minimal property tax growth transfer from other County agencies, such as the County General Fund, the County Fire Department, and the County Library.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

New developments are typically required to provide street lighting in accordance with applicable subdivision and planning and zoning ordinances as a condition of approval. The County Lighting Maintenance Districts, formed pursuant to the Streets and Highways Code, Improvement Act of 1911, permits the County Lighting Maintenance Districts to collect ad valorem property taxes for the purpose of funding the ongoing operation and maintenance of street lighting facilities within the District. The County Lighting District LLA-1, formed pursuant to the Streets and Highways Code, Landscaping and Lighting Act of 1972, permits the County Lighting District LLA-1 to levy an assessment against benefitted property owners for the purpose of providing supplemental funding for the ongoing operation and maintenance of street lighting facilities within the District.

With the passage of Proposition 218 (State Constitution, Articles XIII C and XIII D) in November 1996, it became necessary to ballot the property owners prior to imposing or increasing a street lighting assessment for the operation and maintenance costs of the street lights. As a result, the legal provisions of the Landscaping and Lighting Act and Proposition 218 now govern the process for establishing street lighting assessments.

The Landscaping and Lighting Act of 1972 provides for the assessment of street lighting costs against the benefitted properties within County Lighting District LLA-1 by any formula or method which fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land-use was approved by your Board on May 22, 1979, amended on July 22, 1997, and that same method was used to compute the base rate assessments shown in the Fiscal Year 2002-03 Annual Engineer's Report.

Pursuant to the requirements of Proposition 218, an assessment ballot and public hearing notice will be mailed to property owners within each proposed annexation area no less than 45 days prior to the public hearing scheduled for _____, 20____.

The assessment ballots, weighted according to the amount of the assessment paid by each property, will be tabulated at the conclusion of the public hearing. Only those ballots that are returned will be counted to establish whether a majority protest exists under the provisions of Proposition 218. The assessment cannot be levied if the weighted majority of ballots submitted are opposed to the assessment, in which case, the assessment shall be abandoned, and the annexation and tax transfer proceedings terminated.

Proposition 218 requires that a public hearing be held at a regular Board meeting. The enclosed Resolution of Intention to Annex Subdivision Territories, and the Resolution Ordering Annexation of Subdivision Territories and Levying of Assessments, must be adopted to set a date for the public hearing. Your Board may delay your determination regarding the levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the assessment at the close of the public hearing.

Section 99.01 of the Revenue and Taxation Code provides that when an area is annexed to a special district for the provision of services that were not previously provided within the territory being annexed, the special district providing the new services is entitled to a share of the growth on the 1 percent ad valorem property tax generated in the area being annexed. That share is to be taken from the other agencies, except exempt entities, which are currently receiving a share of the property taxes in the area. The affected agencies must approve and accept the exchange of property tax revenues by resolution. For those agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency. If the agency is a City, however, the exchange of property tax revenues must be approved by both the City and the County.

The City of Carson has executed a Resolution Granting Consent and Jurisdiction to the County in the matter of annexation and to the assessments thereof, on file with Public Works, and a Joint Resolution Approving and Accepting the Exchange of Property Tax Revenues resulting from Annexation of Subdivision Territories to County Lighting Maintenance District 1697, which is enclosed for your consideration.

Upon your Board's approval of the Resolution of Intention, Public Works will mail to all nonexempt agencies with their own governing boards the Resolution Approving and Accepting the Exchange of Property Tax Revenues for the agencies' approval. Resolutions approved by these agencies will be presented to your Board after the conclusion of the public hearing for your consideration.

Following the Board's approval of the annexation, levy of assessment, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the Government Code. The State Board of Equalization will approve the transfer of property tax revenue beginning in Fiscal Year 2004-05.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the Government Code. Copies of diagrams showing the boundaries of each proposed subdivision annexation territory are included with the Resolution of Intention to Annex Subdivision Territories. The specific detailed legal description for each territory is on file with Public Works.

The Streets and Highways Code (Sections 5821.3 and 22608.2) provides that a territory owned by a subdivider may be annexed to a Lighting District if so provided by ordinance, without notice and hearing, or filing of an Engineer's Report. The posting and publishing requirements and filing of an Engineer's Report for these subdivision projects are, therefore, dispensed with.

The enclosed Resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

This project is exempt from the California Environmental Quality Act under Section 21080(b)(8) of the Public Resources Code and Class 1(X)27 of the County's Environmental Document Reporting Procedures and Guidelines approved by your Board.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Not applicable.

CONCLUSION

At such time as these recommendations may be approved, please return one approved copy of this letter and the signed Resolutions to Public Works and one approved copy of the letter and Resolutions to the County Assessor, Ownership Services Section, and Auditor-Controller, Tax Section.

Respectfully submitted,

FISCAL YEAR 2003-04**

WHEREAS, on July 24, 1979, the Board of Supervisors of the County of Los Angeles approved the formation of County Lighting District LLA-1 to provide supplemental funds for the operation of street lights in County-administered Lighting Districts; and

WHEREAS, the Board of Supervisors has adopted the Fiscal Year 2002-03 Annual Engineer's Report that shows estimated operating costs and recommended assessments for each zone within County Lighting District LLA-1; and

WHEREAS, the Improvement Act of 1911 (Section 5821.3 of the Streets and Highways Code) provides that a territory owned by a subdivider may be annexed to a Lighting District if so provided by ordinance, without notice or hearing; and

WHEREAS, the Landscape and Lighting Act of 1972 (Section 22608.2 of the Streets and Highways Code) provides that in the event an ordinance requires installation of improvements by a subdivider, the territory may be annexed to an existing Lighting District without notice and hearing or filing of an Engineer's Report or both.

WHEREAS, the City of Carson's Municipal Code requires the installation of a street lighting system by each subdivider for the subdivisions referenced in Appendix A.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California, that:

SECTION 1. The public interest and convenience require, and it is the intention of the Board of Supervisors to authorize, that these benefitted Approved Tentative Subdivision Territories referenced in Appendix A be annexed to County Lighting Maintenance District 1697 pursuant to Section 5837 of the Streets and Highways Code of the State of California.

SECTION 2. The public interest and convenience require, and it is the intention of the Board of Supervisors to authorize, that these Approved Tentative Subdivision Territories be annexed to County Lighting District LLA-1, pursuant to Section 22605 of the Streets and Highways Code of the State of California.

SECTION 3. The public interest and convenience require, and it is the intention of the Board of Supervisors to authorize, that the expense necessary for the operation, maintenance, repairs, replacement, electric current, care, supervision, and all other items necessary for proper operation and maintenance of proposed street lights in these proposed annexation territories and located in County Lighting District LLA-1, shall be assessed in Fiscal Year 2003-04 upon each lot or parcel of land lying within the annexed territories based on land-use categories that designate usage units on the basis of benefits received as defined in the County Assessor's report dated May 22, 1979, and amended on July 22, 1997, and which should be assessed to pay the expenses of the operation and maintenance of said improvements. The proposed base rate assessments are shown in the Fiscal Year 2002-03 Annual Engineer's Report for each zone within County Lighting District LLA-1. In future years, the amount of these assessments may be automatically increased by no more than the Consumer Price Index - All Urban Consumers for Los Angeles, Riverside, Orange County, and other California areas, provided by the U.S. Department of Labor, without further notice or ballot. However, the assessment rates will not be automatically increased due to any other unforeseen or extraordinary rate increase granted to the Southern California Edison Company by the Public Utilities Commission. The same proportional increases are proposed for all other benefitted property uses in the subdivision territories.

SECTION 4. The boundary of the territories proposed to be annexed consists of the areas shown on the following maps:

SECTION 5. The proposed assessment is subject to majority approval of the property owners. A ballot and public hearing notice will be sent to all property owners within the area proposed for annexation at least 45 days prior to the public hearing scheduled for _____, 20____. The ballots will be weighted by the amount of assessment to be paid by each property owner. The Approved Tentative Subdivision Territories will not be annexed, and the proposed assessment for that subdivision will be abandoned, if the weighted majority of ballots submitted are opposed to the assessment.

SECTION 6. The amounts to be assessed for the expense of such operation and maintenance of the work or improvements described above shall be levied and collected in the same manner and by the same officers as taxes for County purposes.

SECTION 7. Proceedings for the levying of assessments shall be taken under and in accordance with the Landscaping and Lighting Act of 1972 (Division 15, Part 2, of the Streets and Highways Code) and in accordance with Section 53753 of the Government Code and Article XIID of the California Constitution.
